

## VARIABLE SPEED OUT OF POND PUMP

### Variable Speed Pump

HAY10-0100 SP3400VSP  
2.75 HP

EcoStar variable speed pump is the most efficient pump at any speed that can save you up to 90% on energy costs over a single-speed pump. EcoStar matches pump flow to a fountain's needs, versus running at full power 100% of the time and is suitable for both new construction and the aftermarket. Integrated controller is programmable with a self-contained 24-hour clock and up to 8 custom speed and timer functions that allow EcoStar to manage flow throughout the day.

RPM	Percent Output	Pump Output (GPM) vs. Feet of Head					
		10	20	30	40	50	60
1725	50%	78	45				
2075	60%	100	82	41			
2425	70%	117	110	90	56		
2750	80%	133	133	118	100	73	
3100	90%	149	149	144	130	117	91
3450	100%	166	166	166	158	144	130
